

ADDENDUM #1

**New Skatepark Facility – Design-Build Project Delivery Services  
Springs Park – La Grange, Kentucky**

**TO:** All Respondents  
**FROM:** the City of La Grange  
**DATE:** 1/28/2022

This addendum shall be incorporated into the RFP and shall supersede anything contained therein with which it may conflict.

**Questions Received:**

1. What permits will be required for this project?

**Answer:** As all permits required for the construction project will depend on final design we can only offer that the permitting may include, but not be limited to a Stormwater Management and Erosion Control permit from Oldham County Engineer Office, including a Stormwater Pollution Prevention Plan and if disturbance is over an acre, the KYPES General Permit from the KY Division of Water as well.

2. On page 3, it states "...as required by the State of Kentucky and Authorities Having Jurisdiction." What might be the other 'Authorities' in this case?

**Answer:** Authorities Having Jurisdiction in this case will include but may not be limited to the Oldham County Engineer Office and the City of La Grange.

2. Does this project require DNR approval and has that been cleared?

**Answer:** Kentucky does not have a so named DNR department and to our knowledge, the KY Division of Water would be the equivalent as we have previously addressed with the permit question.

End of Questions / Answers

**REMINDER** – Proposals shall be delivered to La Grange City Hall, 307 West Jefferson Street, La Grange, KY 40031 prior to 3 PM EST, prevailing local time, on February 4, 2022. At 3 PM EST, sealed proposals will be publicly opened and read aloud at the same location.
